- Colored Pencils

Please know that any materials your child needs for learning will be provided by the school. However, I know that children are excited about the first day of school and often want to have a few supplies to begin the year. I also know that many of the back-to-school items are on sale and that purchasing now might be better than waiting until after school begins. **So, if you want to purchase a few items to get in the "back-to-school spirit", here's a list of good ideas. If you choose not to purchase these items or cannot purchase them yourself, Brookwood School will provide them for your child's instructional needs.**

One last thing, parents are very good about remembering to get a few "back-to-school" items at the beginning of each year, but we also welcome them at the beginning of second semester when we return from winter break. Please keep us in mind then, too. 😊

Yours in learning,

Will Esters
